

CASSIE LEWIS

PORTFOLIO: CLEWISDEV.COM

614-937-4043 | casserolecodes@gmail.com | Athens, Ohio

Career Objective

I am seeking a fully remote, flexible frontend developer position. With a background in the creative arts, I utilize both technical and artistic skills to create inclusive and visually appealing user experiences. Driven by curiosity and the desire for challenges, I am continuously growing and improving my skills while actively seeking meaningful work that has a positive impact.

Projects

Color Scheme Generator: Livesite | Github

- an application designed to pull color information from the Color API for use with web development as well as art and design.
• features the ability to copy hexcodes to the clipboard

TECH STACK: HTML5, CSS, JavaScript, REST APIs, Responsive Design, UI/UX, Accessibility

HikeFinder : Livesite | Github

- a study in CSS layout that delivers hiking and nature trail info for different regions in Norway.
• built an accessible pop-up modal that traps keyboard focus

TECH STACK: HTML5, CSS, JavaScript, Accessibility, Responsive Design, UI/UX

• Project Management

Work Experience : a common thread of creating delightful and meaningful experiences

Kindred Market : Bulk Foods Manager

May 2019 - present

- Prioritize exceptional customer experience by ensuring a well-maintained, fresh inventory, appealing display designs, and convenient product dispensing.
• Start-up grocery store: built the position from the ground up, developed standard operating procedures while successfully overseeing multiple department-related projects, resulting in steadily increasing sales.
• Implemented April's Big Bulk Sale, resulting in the department's highest monthly revenue to date.

LewisLens Photography LLC : Portrait Photographer, Owner/Operator

2012 - 2019

- Utilized technical and design skills, effective collaboration, and excellent communication to create distinctive and enjoyable portrait experiences for clients. You can see the result of that work here: LewisLens Clients
• Managed company website, social media platforms, branding initiatives, and financial responsibilities.

Home Educator : Preserving Curiosity

2014 - present

- Foster learning, fundamental academics, and project-based activities in everyday living and gameschooling contexts.
• Offer social and emotional coaching to support personal growth and well-being.

Yellow Brick Pizza, Arcade Super Awesome, Columbus Food League : Server

2009 - 2018

- Delivered an enjoyable customer experience by providing knowledgeable and efficient service, as well as maintaining attractive dining area presentations.
• Successfully managed high-volume dining rooms while demonstrating a calm demeanor.
