PROJECTS

PORTFOLIO : [CLEWISDEV.COM](https://clewisdev.com)

Learning Journal, Scrimba

- I needed a way to track and document my coding learning journey effectively, while building in public.
- I developed a responsive web application using HTML, CSS, JavaScript, and WordPress as the CMS, following the project's Figma design.
- The end result is a user-friendly journaling tool aimed at helping students document and monitor their progress.
- Live Project: www.casserolecodes.com

Invoice Creator, Scrimba

- Practical bootcamp project relevant for small business usage.
- Used HTML, CSS, and JavaScript to create a responsive form application that renders user inputs.
- Features UX enhancements that guide the user to proper inputs.
- Live Project: www.clewisdev.com/invoice-creator
